

A quantitative analysis of Britain's Enemies and Allies in Invasion
Literature 1871-1914

The following paper was written for a workshop of the Invasion Network held in Lancaster on 8th September 2017 - War of the Worlds: Transnational Fears of Invasion and Conflict 1870-1933. Unfortunately I was unable to present the paper in person.
A quantitative approach to the analysis of Britains Enemies in Invasion Literature
